

Hi, I'm Wang Meng Yao, come from china. I completed my degree in Shelton College International.

I was studying in International Business Management and the certificate will be issue by Staffordshire University from United Kingdom.

Thank to Shelton College for helping me in finishing my advance diploma and degree, Courses successfully. They have the good lecturers who can help me and impart me with valuable knowledge. They also provided us with extra materials that help us understand what happened in the world of business. So they have the good quality of teaching.

When I first arrived in Singapore, there were friendly staffs from Shelton College to greet me and to accompany me back to the campus. This, to me is top quality of service. O

When I started my school, there were always gathering with fellow students which was organized by the staff and we been to places such as, east coast beach; Sentosa.. all together with school members.

When I have some problems they always can provide me with good counseling which in turn became solutions, such as the student pass. And the school also shows concern in our life and study.

When we have some problems in study, we can ask or email to any teacher, and they will help us to solve the problems if they can.

Now I have finished my Degree study. I plan go back to China to get the driving license first. Once I have my own license, I will get a job in China. I believe the two years in Shelton College, Singapore will benefit me greatly in my future life!

Thank you Shelton for all that you had done for us!

Wang Meng Yao
